

					Section Information:
					Sufficient Information and Documentation for Checking (GLO Plats, Survey Information "Read Me" File)
					Placement of Section Corners
					Subdivision of Sections
					Section Corner Ties
					Government Lots and Quarter Callout Placement
					Existing R/W:
					Sufficient Information and Documentation for Checking (Existing R/W Plans & Supporting Documentation, inc. County Roads)
					Accurate Placement
					R/W (Fee) or Easement Identified
					Dimensioned
					Railroad R/W:
					Sufficient Information and Documentation for Checking (Railroad Map and Support Documentation)
					Accurate Placement
					R/W (Fee) or Easement Identified
					Dimensioned
					City Limits
					Reservation Boundaries
					Ownership Information:
					Sufficient Information and Documentation for Checking
					Title Memos and/or Last Deed of Record Parcelized
					Placement of Ownership Boundaries, Certificate of Surveys, Subdivisions, Allotment Numbers, Homestead Entry Surveys, Mining Claims and Appropriate Designation
					Township, Range and North Arrow on Each Sheet
					Centerline Information:
					Sufficient Information and Documentation for Checking (Horizontal Alignment Run; Construction plans and Cross-Sections)
					Correct Stations/All Equations Stations Shown
					Bearing on Each Sheet
					Curve Data Shown
					Show Begin/End Project on First and Last Sheet
					R/W Design:
					R/W Widths, Construction Permits and Easements
					R/W Callouts
					R/W Callout Coordinates (Sufficient information for checking; GEOPAK info)
					Ex. R/W Monuments, Display and Calls
					RR Calls (RR Stationing)
					Begin/End Acquisition RT/LT Callouts
					Government Lands:
					USA Land Acquisition – Hatched
					Tribal Land Acquisition – Cross-hatched
					DNRC Riverbed Parcelization
					DNRC Quarter Section Breakdown
					U.S. Forest Service Information Requirements
					CADD Files:
					R/W Level Compliance
					Reference File Naming
					Compliance to Road Design Plan Area Clip Boundaries
					Compliance to R/W Standard Cells
					Compliance to R/W File Building Routine
					CLEAR ZONE
